

### **Guidelines for LEP Companions**

1. The aim of a Companion to a Local Ecumenical Partnership is to offer encouragement and support, to be interested in its concerns, and, where necessary, to advise and act as an appropriate resource.
2. Companions will be people considered to be particularly appropriate to the local situation.
3. The role of a Companion is to be interested and involved in the life of the LEP through attending meetings, events and services in the LEP whenever possible.
4. The Companion also acts as a link between the LEP and Somerset Churches Together which is the Sponsoring Body, and so to the denominational authorities.
